KITCHENS & BATHROOMS 2023 33

◀ Ledbury Studio

Design notes

With an island in stained oak, fronted with eye-catching verdigris copper panels, flooring in poured resin and a mirrored copper splashback, this unusual kitchen celebrates the power of distinctive finishes. The aged-brass rack that hangs above the island is both practical and decorative. ledburystudio.com

Nuts and bolts

Kitchen design, units, worktops and fittings, from Ledbury Studio. 'SmartLine' hob and extractor, from Miele

▶ Hetherington Newman

Design notes

In this London townhouse, the arched window and the sculptural lines of the contemporary chandelier are echoed by the rounded shape of the island (inspired by the curves of Alvar Aalto's 'Savoy' vase). The interplay of different materials – dark walnut, light oak and veined marble – is expertly executed. handesign.co.uk

Nuts and bolts

Natural oak units, Rosso Levanto marble worktop and splashback, and bespoke island in rosewood-stained walnut with Calacatta Rosato marble worktop, all from Hetherington Newman. Wall-hung units painted in 'Strong White', from Farrow & Ball. Tap, from Quooker. 'Lunar' bronze and satin brass pendant light, from CTO Lighting

▶ Alison Henry Design x Officine Gullo

Design notes

An Italian-British collaboration, this bright kitchen designed by Alison Henry for the extension of an 1830s townhouse in Belgravia is a stylish celebration of all things white. Situated in a contemporary orangery, the geometrical details on the Officine Gullo units mirror the panes of glass, while the marble splashback behind the hob creates a dramatic area of focus. alisonhenry.com | officinegullo.com

Nuts and bolts

Bespoke kitchen in high-thickness fire-painted steel in matt signal white with satin nickel trim finishes, and Calacatta Caldia marble worktop and splashback, all from Officine Gullo
