Ceramics - Terracotta Authentic Grey Patine

Hanging Lamp Derek
Outdoor Incl. Canopy
Lighting - CL rattan

Candle Stand Set Of 3
Accessories - Reclaimed wood

Stool Yanne
Stool - Teak anthracite

HAMPSTEAD MAKEOVER

Renowned designer Charlie Smallbone transforms a Hampstead home into an elegant sanctuary with Ledbury Studio

In September 2023, Ledbury Studio, led by Charlie Smallbone, renowned for his expertise in kitchens and furniture design, embarked on a complete transformation of a Hampstead home. Beyond kitchens, Charlie's forte lies in crafting exquisite furniture from natural materials. Collaborating with Ledbury Studio, the homeowner's vision encompassed a holistic makeover, extending to the kitchen, master bedroom suite, and media room.

The kitchen features Ledbury Shaker elements, reflecting Charlie's original designs from the 1980s, incorporating updated corning and bespoke aged-brass handles. Muted hues blend harmoniously with luxurious Arabescato marble, adorning worktops and splashbacks, while a textured Marmorino Venetian Plaster finish enhances visual allure.

The master suite features a custom-designed upholstered headboard in natural oak and adjoining kitchenette for added convenience. The en suite bathroom boasts walnut and marble accents, including a bespoke double vanity and custom mirror cabinets.

Meanwhile, the media room showcases Ledbury Studio's expertise with walnut veneer cabinets, housing entertainment essentials and illuminated shelves for display.
