KITCHENS THAT SAY *Wow*

Reminiscent of a member's club, this kitchen embraces a bar style, with striking antiqued copper and rich oak cabinetry, a display cabinet for glassware, and velvet furnishings. Kitchens from Ledbury Studio are priced from £50,000.

Including seating on both sides of an island is ideal for informal meals and creates a great space to congregate. Tuck shorter barstools in on one side and higher ones opposite for a cohesive look.
