STORAGE GOALS

Time to up your kitchen organising game? From grand freestanding units to compact breakfast bars with incorporated systems, LED lighting, personalised drawers, power sockets and space for small appliances, we take a look at the ultimate solution – larder cupboards

Words: Irina Iacob

right Place your larder unit next to where you prepare meals for easy access to ingredients. This design by Ledbury Studio features a built-in rack for spices, mixed-height drawers, and open shelves. Its copper doors, cast-brass handles and oak veneer interior ooze a luxurious feeling and the quartz countertop adds an extra touch of glamour. Kitchens start from £50,000.

below Add a personal touch to your storage with engraved drawers – you could include labels such as treats or bread like shown below, or add the kids' names. This design also features can-step shelving in walnut to provide an easily visible and accessible storage solution. Teddy Edwards kitchens from Kitchen Architecture start from £50,000. ➤
