

## Bert Frank

Lighting manufacturer Bert Frank has opened a new showroom on 67 Farringdon Road. Set across two floors, the space draws influence from a multitude of styles and eras - from the design codes of the industrial era

through to Art Deco and mid-century inspired forms. It also provides the first London showcase of Bert Frank's full collections, as well as a venue to host workshops and panel discussions.

## Kelling Designs

Kelling Designs has announced the opening of the new Kelling Townhouse. Created with fully functional living spaces, it allows your clients to see firsthand how to be bolder with their choices and to see their design schemes in the flesh. Located at 3 Langton Street in Chelsea, you can also shop the full KD Loves range in house.

## Ledbury Studio

The opening of Charlie Smallbone's latest enterprise also marked the launch of the Metallics Collection. Ledbury Studio's first kitchen design. The Space is situated on Ledbury Mews in Notting Hill, from which it takes its name, and is - coincidentally - close to where Charlie Smallbone established Smallbone of Devizes almost 40 years ago. The 83.6sq m showroom allows visitors to see the Metallics Collection in pewter, zinc and copper finishes.

## CP Hart

CP Hart's Manchester showroom has undergone refurbishment. The reimagined space offers an immersive bathroom experience which includes first-to-market innovations that can't be seen anywhere else in the UK. With more colours, finishes and style options, visitors can also browse new brassware collections and ceramic trends from Italian manufacturers including the likes of Cielo, Gessi, Fantini and Artelina.
